Environmentally Friendly 100% Recycled

Elyse eco range has been specially manufactured with the environment in mind. Its development is based on providing a positive solution to meeting consumer demand for highly used consumable products, without having any diverse impact on our environment and natural resources. In our decision process during the development stages of "Elyse eco range", diligent choices were made in respect to our joint venture partners, relating to accreditation and the synergy between the management mindset in areas relating to the environmental value, while at the same time not to compromise on quality and value of the products we have produced.

The Process

The Products

280 sheet 3 ply Toilet Tissue	Eco 280	80 metre 2ply Mini Jumbo	Eco MJ2
